

Presents  
the 2nd Annual  
**Global Citizens Conference**

November 10, 2011  
Adam's Mark Hotel, Buffalo, NY

***Mission Statement:***

The primary mission of the GCC is to promote global understanding, literacy and social responsibility among students, school staff and leadership, parents and communities relative to education, culture, business/technology, government and human rights.

We know there are many varied partnerships, visitations, exchanges, and other learning activities taking place in 2011. Our purpose is to:

- a. facilitate the exchange of those ideas and activities among all school constituencies and communities in the region, and
- b. to engage all the parties in conversation to expand their awareness and to take action.

There are two major themes within this mission. One is **social justice and social responsibility**, especially as they relate to human rights and genocide issues. The other is **educational and cultural understanding**, which includes a variety of activities among people and schools here and around the world.

***Location:***

Adam's Mark Hotel 120 Church Street Buffalo, NY  
14202
